Targus

TSB11802US | Targus 15.4” Incognito Backpack (Pink)

The Targus Incognito Backpack is designed to protect up to 15.4" widescreen laptops. The front workstation includes a business card/ID holder, mobile phone pocket and pen loops. For added convenience the backpack includes a side water bottle pocket, a padded back panel and padded ergonomic shoulder straps. To protect your media the case includes a side MP3 player pocket with headphone port making it easy to listen to music on the go. The Incognito backpack features plenty of space for books, documents and other accessories while the water resistant case bottom protects against the elements. Both spacious and durable, the Incognito Backpack is ideal for students and others on the go.
